Build strong and lasting business relations with our provider members

Greetings!

Did you know? Most senior living communities across Oregon offer more than housing and medical care options. In fact, facilities serving older adults often have restaurants, activity centers, robust transportation services, maintenance departments, and just about every aspect of daily living imaginable.

If you want to put your business front and center with the purchasing agents at some of these communities, join LeadingAge Oregon today! As a member and valued business partner, you will receive the latest trends and updates as it relates to the senior living industry in Oregon and beyond, plus have priority access to sponsorship opportunities to promote your brand. Importantly, your membership offers access to our senior care provider directory and goes a long way in increasing the visibility of your products and services.
