

**Coronavirus Member Briefing  
Resources Update  
February 27, 2020**

This week the coronavirus came closer to home with Dr. Messonnier, Director of the National Center for Immunization and Respiratory Diseases, stating the spreading of the Coronavirus in the U.S. no longer a question of “if,” but “when?”. Yesterday, the first case of Coronavirus of unknown origin in California (CA) was reported northern CA.

This is to provide you with the latest national and state resources on the Coronavirus.

- National LeadingAge Article: [Coronavirus: The Time for Calm Preparedness is Now](#) contains answers to many questions and an array of resources from the CDC, WHO and others to help you prepare.
