[LeadingAge Oregon](http://www.leadingageoregon.org) is the statewide association of not-for-profit and other mission-directed organizations dedicated to advancing quality aging services in Oregon through advocacy, education and fellowship. Our members include federally subsidized housing for low-income seniors, nursing homes, residential care, assisted living, continuing care retirement facilities, home care agencies and other community service providers who set the standards for the field through service excellence and mission-driven objectives. LeadingAge Oregon and our national partner, [LeadingAge](http://www.leadingage.org), are dedicated to expanding the world of possibilities for aging. Together we advance policies, promote practices and conduct research that supports, enables and empowers people to live fully as they age.
